

MEET

JULY
20TH - 25TH

your speaker

Michael & Kara Thomson are no strangers to Camp Livingstone. For the past 11 years they and their children have been involved in various capacities including housekeeping and hospitality, special projects, maintenance, camp nurse, and logistics. In 2023 and 2024 they were involved as the speaker for Family Camp 1 and 2 respectively, and for 2025 they will be returning for Family Camp 1.

Outside of camp, they live in Moncton, NB. They have been married for 27 years, and have 5 children aged between 25 and 16.

Although a registered nurse by training, Kara now works as a supply teacher in the public school system, which she loves... OK, on most days!. She serves at their home church in pastoral care ministry and leading small groups.

Michael is full time as an Electrical Engineering Technologist which takes him on the road most weeks. For many years he was also bi-vocational as a pastor/elder and church planter.

They definitely don't consider themselves to be experts in life, marriage, or parenting! But, they do know that God has taught them many lessons through it all, and He continues to teach them everyday. So much of life is a journey. They are looking forward to their week with you, as family camp 1 campers, where all our journeys will overlap!
