Dave and Janelle Lewis have been married for 29 years, have four young adult kids, and have called five different provinces home. These days, they're settled in Ajax—on the outer edge of the GTA—where they proudly rep the “bleu, blanc, et rouge”, much to the dismay of their hockey-loving neighbors. Just part of being a light in the darkness!

Dave has been the Discipleship and Leadership Development Pastor at Bayview Glen Church for the past decade. His passion? Equipping and empowering people to step boldly into their God-given calling. Recently, he's taken up gravel cycling and can't wait to test out the camp trails—so if you see him covered in mud, just know he's living his best life!

For 25 years, Janelle has run Musically Inspired Studios from their home, teaching piano and voice lessons. She recently embarked on a new adventure—her Master's degree in Counseling Psychology at Yorkville University. Juggling work, school, and family has been an Olympic-level challenge, made possible by their team of young adult “housekeepers” who enjoy the low rent!

Above all, Dave and Janelle are passionate about being continually shaped into the image of Jesus. They can't wait to spend a week pursuing that together with you!
